The European Journal of Parenteral & Pharmaceutical Sciences is the quarterly journal of the Pharmaceutical and Healthcare Sciences Society (PHSS). The journal provides a European forum for publishing original papers, editorials and reviews on subjects on all aspects of pharmaceutical and healthcare sciences. Papers will normally be published within six to nine months of acceptance.

The European Journal of Parenteral & Pharmaceutical Sciences will also contain articles based on the proceedings of the Confederation’s scientific meetings, symposia and workshops. All submissions are subject to peer review by members of the editorial board and external referees. Advice to contributors is available from the managing editor. The journal is published quarterly and is indexed in International Pharmaceutical Index. It is provided free of charge to full and associate members of the PHSS. The annual subscription is £55 (academic organisations and personal rate) or £110 (institutional rate), plus annual postage costs of £8. Back issues are available at £10 each (abstracts of past issues can be viewed on our website at www.euromed.uk.com).

Cheques (drawn on a UK bank) should be made payable to Euromed Communications Ltd. Subscription orders should be sent to the publishers’ office.

Reproduction of articles published in the journal, in whole or in part, is not permitted without the previous written consent of the author and editor, and the usual acknowledgements must be made. Authorisation to photocopy items for internal or personal use is granted by the PHSS. Requests for reprints should be made to the publishers, Euromed Communications.

While all reasonable care has been taken in preparing this journal, neither the publishers nor the PHSS can accept any responsibility for the accuracy of the advice or information contained in the journal.

Statements and opinions expressed in the articles and communications herein are those of the author(s) and not necessarily those of the PHSS, the editor nor the publishers.

The PHSS, the editor and the publishers disclaim any responsibility or liability for such material and do not guarantee, warrant or endorse any product or service advertised or mentioned in the publication nor do they guarantee any claim made by the manufacturer of such product or service.

The European Journal of Parenteral & Pharmaceutical Sciences in association with A3P (France), R3-Nordic (Scandinavia), AEFI (Spain)

Instructions for authors in this issue

Contents

Editorial: A new decade… future direction

The use of computational fluid dynamics for the study of particle dispersion routes in the filling area of a blow-fill-seal process

Reahing the runes: demystification of disposable glove legislation

Stabilisation of doxorubicin hydrochloride using sugar-phosphate glass composites prepared by vacuum foam drying

Formulation and evaluation of sustained release suppositories of ondansetron in hydrophilic and lipophilic bases

Regulatory review

Index to Volume 14

Dates for your diary
European Journal of Parenteral & Pharmaceutical Sciences

VOLUME 15 NUMBER 2 2010

Contents

Editorial: GMP changes by osmosis
Improving scalability and comparability by using single-use bioreactors for large-scale manufacturing
Davy de Wilde, Thorsten Adams
Development of intravenously injectable solution of carvedilol using a combination of pH adjustment and micellization
Rajesh Dubey, Seshulatha Jamalapuram
Design of HEPA-filter units in order to prevent airborne contamination of autoclaves and freeze dryers when doors are open
Catinka Ullmann, Bengt Ljungqvist, Berit Reinmüller
Hot-melt extrusion technology: optimizing drug delivery
Marcia Williams, Yiwei Tian, David S Jones, Gavin P Andrews
Regulatory review
Stephen Fairchild
PHSS reports on activities and Special Interest Groups
Book review
